

### **COVID-19 DEFERRED PAYMENT AGREEMENT**

This Deferred Payment Agreement grants the customer payment deferral on their first four (4) consecutive bills issued on or after April 1, 2020 (deferral period), with no additional penalties assessed after execution of this agreement for the remainder of the installment period. A 1% APR interest rate will be assessed on the deferred balance. The agreement will be allowed under the following conditions:

1. The balance owing will be paid over 12 monthly installments. The deferred balance will include any current & past due charges due at the end of the deferral period.
2. The total amount of each payment due and the due date will be shown on the payment schedule, which will be provided after the October/November bill is generated (end of deferral period).
3. Customer must keep all future bills current, beginning with the first bill generated after the deferral period.
4. Failure to meet any of the terms of this agreement will result in the District issuing notice of default, the entire unpaid account balance becoming immediately due and payable, imposition of late fees, 10-day notification of disconnection of water service and a Certificate of Delinquency (a statutory lien) may be recorded against the property served. Additional collection efforts may include, but are not limited to, the account being turned over to the District's attorney for collection, which may result in lien foreclosure.

By signing this agreement, you, as the owner of the property listed below, acknowledge that due to issues related to the COVID-19 pandemic, you are unable to pay your utility bill in a timely manner. Furthermore, you acknowledge and agree to the terms of this agreement, including that all installment payments, along with payment of future billings, must be received by the District no later than the due date or you will be in default.
